

DECONTAMINATION DECLARATION

In order to protect our employees, we only accept devices that no longer pose a hazard. Depending on the type of contamination, the device must be cleaned and decontaminated appropriately before it is sent in. Radioactively contaminated devices cannot be returned. If TB-Safety Ltd. does not receive a fully completed declaration, decontamination may be carried out by TB-Safety Ltd. or a partner. Additional costs will be incurred, including processing fees. This may lead to further delays in processing. Depending on the situation, the shipment may be rejected.

Delivery address:

TB-Safety AG
Untere Grubenstrasse 3
CH-5070 Frick AG
